Funding and Fees

The level of funding you will receive from the government will vary depending on the level of Home Care Package you have been allocated. In addition to your funding from the government, you may be required to contribute to the cost of your care. This will vary from person to person and we will work with you to determine what works best for you.

The following table shows the maximum fee you may have to contribute depending on your assigned care package level.

Home Care Package Subsidy	Level 1	Level 2	Level 3	Level 4

If you need to pay a fee it will be no more than	\$9.88	\$10.44	\$10.74	\$11.02

You may also be required to pay an Income-Tested Care fee, and this will be determined by the Government.

Package Management

For Bethanie to manage your care package, a Package Management fee will be charged to cover our fixed costs. This enables our finance team to manage package funds and raise invoices and statements; our clinical governance team to deliver high quality care and meet government regulatory standards; and our procurement team to get you the best possible prices for the services, equipment and products.

Care Management

Bethanie is committed to delivering the highest quality services to you, working in partnership to achieve your goals.

You will have access to a Care Manager (Case Manager) who will work with you to understand your needs and goals, liaise with the team supporting you, and will be your first point of contact whenever you need anything. The amount of Care Management you require will vary based on your personal needs and circumstances.
